“ I knew Butch was special when I met him at Walgreens. We talked for almost an hour. We wound up being really close friends up until his death. Butch was a funny guy and had a good heart. Always thinking of others before himself. He took great care of his mother who is in a nursing home and thought the world of his son Zack and his grand babies. He was a loyal friend. He loved Purple Rain and the Chargers football team. Everyone who met him instantly liked him. They broke the mold when they made Butch. He will be missed by many but never forgotten. Prayers for his family and those he leaves behind. RIP

“ One of the most genuine, charismatic people I have ever met. He always had a way of viewing things in a positive light. Never worried about the insignificant tangibles things in life but the things that would make you smile and appreciate the true meaning of our purpose. Will miss you buddy and your long playlist of music that you always had a calming story to tell mid song.

“ Butch had a wonderful charismatic personality that could "light up the room" and bring a smile to everyone's face. He lived in the moment and never worried about the future but always saw the "fun in life". He will be remembered and missed by so many.

“ I only knew you for a few years through Darlene and enjoyed having a beer or two on the porch and cutting up. I think of you every time I hear purple rain remembering you pulling in the driveway and sitting in your car listening until it was over. I know you are at peace now. Rest easy until we meet again.

“ It's still so hard to believe that you are gone. But will never be forgotten. I have known you for 40 plus years and we have been through a lot together and for many years we had lived together and had some great memories. My heart is broken and until we meet again. I will miss you and your crazyness!!

“ Anyone that knew Butch, knows he always had a humble laugh that created smiles around him.

Always had fun whatever we did. From birthday parties, to before, during, and after ballgames to just sitting at the deadend. We were even roommates for a while. And even though we haven't seen each other in 20 years, I have memories forever.

Just a great guy. Praying for the family and to the ones closest to him. #25

“ Having a hard time believing this. I've known Butch for over 35yrs. We were married for over 10yrs and we still remained friends and talked once a month. He was one that once he was in your heart he was there to stay. I have so many memories. Other than his friendship, those crystal blue eyes and his contagious laugh I'm going to miss our talks most of all. Will miss you Butch! Love always. Terri

“ Butch was the type who never met a stranger! The first time I met him I instantly knew he was a good time and someone that would always make you laugh!! One of my favorite memories was he came to visit and him, Sam and I somehow got stuck watching a marathon of jersey shore (awful reality tv but such a guilty pleasure) he complained a lot at first about how awful it was (and he was right) but after about an hour he was HOOKED!! We all stayed planted on the couch in Pajamas the rest of the day watching it and making fun of the characters and my goodness did we laugh! He will definitely be missed by many and I just pray that he finally at peace.

“ This is a hard and devastating thing to happen I still can't believe it ... he was such a caring and funny guy and always had that big ole smile. He sure did love his family and was one of the proudest Pepaw's of his Grands of anyone I knew, always talking about them and his son . I will never forget the time he and Darlene came to visit us in Cape Coral and he was in the pool playing his air guitar to Hotel California, we had a blast that day at the beach too ! I feel very fortunate to have had the pleasure to see him and give him a hug recently ... just goes to show you never know what the future holds. Rest In Peace Butch and we will see ya on the other side one day !
