“ Mark Andrew was my special name for our Sherrill as all of our other friends referred to Andrew...

*Mark Andrew,*

*You will forever be dancing and smiling in peace now without self doubt and depression in my mind's eye...my dearest, best, best "Ride or Die" friend.*

*You were my biggest cheerleader, my favorite most outrageously fun Ken Doll, and loyal friend.*

*I cannot grasp that you and my fiance had to leave the universe and my life much, much too early and within two months of one another. I imagine that you two are Rocking In Paradise.*

*I will love you through every energetic dimension.*

*I selfishly am so broken over this, but understand that you will now be tear/stress free, and that your energy can finally be peacefully positive through eternity.*

*It is agonizingly painful to know that we've lost you.*

*Your Beastie,*

*KaRon*

*Outdoor Photo: Mark Andrew's Birthday and very first taste of boiled peanuts. After his silly bum put the Entire Peanut in his mouth shell and all, he figured them out and then ate almost a quart of boiled peanuts before Andrew Hodgins finished his birthday grilled burgers.*

*The remaining pics were taken of Andrew by me, after he had a shower and spiffed up for a new profile photo.*

*I have a Magic photo/selfie corner in my apartment where 80% of our small circle of friends posed for their individual new profile photos. (Mark) Andrew looked so very handsome. His sparkling magic and the ethereal corner made him just glow...sparkle even.*

*You will be missed eternally.*
