

Anita Barnes

March 13, 2020

Anita Gail Barnes, age 68, passed away suddenly and unexpectedly on Friday, March 13, 2020.

Anita was so much to so many. She unselfishly was a regular contributor to the St. Jude Children's Hospital, the Community Action Committee as well as many other foundations.

Anita was a regular face at the East YMCA, and more recently, the Hendersonville Y. She was fondly known as the "treadmill lady"! Anita retired from AT&T and continued to enjoy dinners with her beloved "Supper Club"--many of whom were colleagues from Bellsouth and AT&T.

Anita was an avid Tennessee VOLS fan and anyone who knew her knows her blood ran deep ORANGE and Rocky Top was her passion.

Anita is survived by her sisters, Linda Harris, Dorothy Jordan and Marjorie Cobb. She is also survived by a large family who all love and miss her deeply. She taught so many generations to swim and snorkel! Anita was a unique and amazing soul and will be deeply missed.

“ *Anita was a ray of sunshine. She will be greatly missed by all who knew and loved her.... she was part of the old Tom Joy Neighborhood where we all grew up.... I have many fond childhood memories. Rest In Peace sweet girl. You now soar with the angels . To her family my deepest sympathy, much love, and many prayers for all of you at this difficult time*
