“ *I worked with Granny as we called her at TA!! I loved her so much! I remember one time on her birthday we threw her a surprise party complete with Silly STRING!! I thought she was going to be mad at me, but she LOVED it so much! She will be missed! SO many drivers from there would NOT come in there unless SHE was there! I love you Granny! Thanks for always being so special to me and to even my family!*

I met Granny while I drove a tanker truck delivering diesel fuel to the truck stop. I enjoyed the times I would talk to her before she started her shift after I got done working all night on my fuel truck. She was truly a special person. She will be greatly missed. I love you, Granny

I am Marie's cousin. We called each other cous. Marie was a special lady. She loved being called Granny by everyone at Truck Stops and especially HER drivers. The drivers loved her but not near as much as she did them. T/A will never be able to replace Granny. As a tribute to her they should name the fuel desk Granny's place. As we always said to each other love you cous.
