“ *Kevin, you are in my thoughts and prayers, and your family as well. You and Barry were the greatest example of brotherly love and closeness I have ever witnessed. I know the deep loss of losing a sibling. It is an unbearable pain. Stay close to your friends and family for comfort during this most difficult time. God bless*

“ *Kevin & Pete, So sorry to learn of Barry's passing. I enjoyed riding MTA to work with him for many years. I remember Barry as a jovial person who loved talking with us about sports he was so interested in and helping us keep up with the scores! I pray for you and family the peace that surpasses all understanding as only God can give at such a time as this.*
