“ *Becky and I were childhood friends and managed to stay in touch the 18 years that my family and I lived away from Nashville. This is heart breaking because I am learning of her death so late and was not able to be there for her family during their time of need. My condolences to them from my whole heart. We even kept in touch now and then since my family and I moved home in 1986. She shared with me while I was away from Nashville all of her boyfriends and fiancés. I even know her husband and her were engaged several years ago. They broke up and then got back together and married. Becky was my Best Friend. There were three of us, Becky, Susie and myself. We lived on the same block of Central Avenue off of West End. I remember all of the times we would get together for a sleep over. We were fans of then rock group The Monkees. We had so many good times, walks in the snow. Playing Red Rover with other friends on the block. A male friend who was a friend and my nextdoor neighbor at the time, Noel.*

My heart breaks and there is an empty place there with Becky's death. I know during our childhood friendship, She had some medical issues because she was homeschooled before it was a daily thing. We each had sister named Deborah, hers older than her and mine younger than me. There was her sister Janet and she also had a brother, I forget his name because he was away and had his own family. Becky, Janet and Deborah all live with their parents. I could go on forever talking about my best friend Becky. I loved and will miss her so much. RIP Sweet Friend.

“ *Becky was my youngest sister. I can hardly believe she is gone. She was a wonderful sister and my best friend and I can't imagine life without her. She was a special person with so much talent in so many areas. I love her and will miss her every day. I know this would be her message to those left behind. "I give you this one thought to keep-I am with you still I do not sleep. I am a thousand winds that blow, I am the diamond glints in the snow. I am the sunshine on ripened grain, I am the gentle autumn rain. When you awaken in the morning's hush, I am the swift, uplifting rush Of quiet birds in circled flight. I am the soft stars that shine at night. Do not think of me as gone-I am with you still-in each new dawn." God bless my precious sister Love, Janet*
