“ *Diane, I'm really sorry to hear of your mother's passing. I know it's been a long journey and an incredible amount of sacrifice for you to take care of her. She was lucky to have such a loving, faithful daughter, and I wish you all the peace and comfort that's possible at such a trying time.*

“ *Thank you to everyone for these posts. They're very helpful to me during this difficult time. Mama would feel so honored if she could see them. - But, she would probably just stick her tongue out at Nurse Ratchet, (inside joke).*

“ My Aunt Betty...just remembering the Friday night sleep overs at your house when we were kids,,,,,staying up late and watching scary movies (Wolfman, Frankenstein, Hounds of the Baskervilles) and eating popcorn. Fishing off our dock at FMB and being thrilled with catching a rather small sheepshead!! You will be missed so!!!

“ *The first time I met Betty, the quintessential Southern Bell, was for a day of fishing in the Gulf. I never stopped laughing or catching fish that day. I was so impressed by her grace and inner beauty. Jeff remembers her as the one who always loaded up the kids and took y'all to the drive in. Rest in peace, Betty
A fan forever,*
