I was thinking about you today...I can still remember watching you backcombing people's hair and putting up beautiful up do's....This was at beauty school...Mr .Ray kept you booked up all the time because you were the best hairdresser there. You had natural talent....The rest of us were just trying to keep up..I'm sure I still have Aqua Net coating my lungs.. But, when you love to do hair...you just don't think about things like that. You just have to do it...
