“ *Some of my favorite memories of dad are us playing badminton, croquet and horse in the backyard. I love him and miss him.*

“ *You are gone now and it's as if a part of myself is gone. You were the toughest man I knew in my entire life. You had the biggest heart out of more than half the people left on this earth. I will miss you everyday until we finally meet again. Yet I know you are watching down on me from above right next to God making sure I am alright. I hate that you are gone and to know I won't watch westerns with you anymore, be there to laugh with you, or be able to tell you that I love you. But I know that every time I see a stunning sunrise or a breathtaking sunset that it's you smiling down on me. I Love you papa and I know we'll be together again and I'll be whole once again.*
