“ I am so sorry to hear of Carl's passing. I know how hard it is to lose a parent.

I think the memory of Carl that I want to share is somewhat unique and I just hope you will find it amusing.

I knew Carl when I was very little girl of about 3 or 4 years old back in the 60s. He and my uncle worked together at a drive in convenience market called Paul and Rays. Back then you could drive up and an employee (Carl) would come out to the car, see what you wanted, and make the purchase for you and bring it out to the car.

Carl would come out to the car and talk to my mother and me. He would lift me out of the car through the open window. He was fair, charming, and so handsome and I had such a crush on him even at such a tender age!

My mom said he wanted to take me for a ride with him and his girlfriend at the time and I wouldn't go because I was jealous of her and wanted it to be just me and Carl.

At some point we lost touch but I have always remembered Carl. Several years ago he and one of my brothers connected on Facebook and he asked about me. I regret that I didn't take the time to reach out to him. He might have found some humor in my story about a silly little girl with a big crush.

Somewhere I have a picture of us together but unfortunately have not been able to find it.

Anyway, I just wanted to share my story and hope you got a little smile from it.

Again, I am so sorry for your loss and I am praying for God's peace and comfort during this time.

“ *Carl was a customer of mine at the bank for 20 plus years. He was always the highlight of my day when he came in. He always had a joke or just something funny to say about any situation. I know he had been in so much pain for the last few years but still kept smiling. I will miss my friend. I know you are in no pain now and making all the angels laugh.*

*Condolences for the Smith Family

“ When you had the pleasure of being in Carl's company, it was certainly assured that the utmost entertainment would take place.

From story telling, to analyzing sports (which was often the case given the lackluster performance by the Chicago Cubs for the better part of two decades) and also getting various updates on the stock market.

Carl's involvement in our lives was emblematic of the care, attention, and generosity that he demonstrated throughout the entire family. He was, is and will always be a legend! Miss and love you Carl!
