“ Carol’s name Bonnie Carol Bean graduated from The Class of 1964 North High School. She attended Buena Vista Elementary. Up until a couple of years ago she was an active member of the “The Class of 64 Lunch Bunch”. Don’t know when or why she started being known as Carol but she will always be known by her classmates as Bonnie. I met her in 4th grade. That’s 76 years of friendship. When she and Ron moved to Big Rock we talked for hours on the phone. She would say when I called “Who died Dr. Doom”. She had a voice like an angel and even sang in a quartet while in high school. I’ll miss you my friend
