“ I worked with Charlene in the same department for years. Charlene was a very unique person. Her family was her life. Charlene often would keep me up to date on members of her family, early on always about Troy, Gladys, and Nanci - later on as the family grew others were included. Charlene had many friends at Genesco that would help her out from time to time that most people did not know about. Charlene was among caring co workers.

“ To the family of Charlene I never got to meet Chaelene in person but we corresponded through e-mails and FB. She was so proud of her family and especially her grandchildren. Troy she talked about you all the time and just a couple of weeks ago she told me about your schooling and how proud she was of you, Charlene was a very special person, I'm so sorry about your loss and wish I lived closer, just know you and your families are in my thoughts and prayers

“ *Charlene.....Not a day will go by that I work, that I won't look at those printers and think of you. You were a very dedicated employee at Genesco with 40 years, you took pride in working there and it showed. Your work on your family history I think is what helped us to become friends and you even found out that we are related. You really were proud of your heritage, and your family tree reflects that. You were one of a kind and I will miss you. My prayers are with your family.....*
