“ Cindy named herself my big sis when we worked together in telemetry at Skyline. She was always there with advice a good story. and absolutely no judgment.
I remember one night I had that was particularly bad working st Skyline and I knew all I had to do was make it to the telemetry office and I could let it out. Sure enough I rounded the corner and there was my big sis who made me laugh until I didn't feel like crying anymore. She was an amazing woman, mom, grandmother and an amazing nurse as well! I always admired her ability to find joy despite the amazing heartache she'd faced in her own life. She will be missed greatly. Rest well big sis! I love you.

“ I was so sorry to hear of the loss of Cindy. I work with Cindy for many years at skyline hospital. She also knew my son who worked there. When I lost my son 4 years ago Cindy was very gracious with me and I'll always appreciate that. She was a wonderful person and a great nurse.

“ I was lucky enough to work along side Cindy for 12 years in the ICU and later in the monitor room. I called her Momma Grass! She had a huge heart and a wonderful laugh. She taught me a lot about nursing but she taught me just as much about life! She will be truly missed💙 take your rest Momma Grass

“ I'm heart broken to hear of Cindy's passing. So many nights we worked together over my 18 years at Skyline and Memorial in the ICU. We had so many laughs and stories. Unfortunately, I live too far away now or I would be there to celebrate her life without a doubt. She loved her kids and grandkids and talked about them all the time. I'll never forget her nickname for me, lol. I'm a better person and a better nurse for having known and worked with Cindy.

“ Hard to know where to begin, there is so much. We had a lot of laughs and fun together. CasaViego won't be the same. She could order a Margarita and roll those r's, we would always try the Calamari at different restaurants to fine the crispy-est. I will miss her terribly! She was like the sister I never had ☐
