“ Dana and I became room mates n got a apt together off Murfreesboro rd first one was Nashboro Village and boy did we think we were grown up

We stayed there a year n then these brand new apts came up down the street called the Hunt Club it was there this memory took place we had a lot at both of them oh boy sis did we ever have sooo much fun n memories. I really wanted to be an Airline Stewardess n I had applied and we were so happy when I got the letter for an interview we were gonna travel the world me n Dana . I said Dana it says here you have to be 5”2 what am I gonna do I am 5 1 1/2 . She said they want notice so I was really scarred n she knew it so she said let’s go shopping and find you some new high heels and they want know if you wear the heels n boy did we . I wore this yellow n red outfit had to fly to Dallas n we then also stuffed my shoes for a little more height . Well it was time I flew to Dallas we talked she wished me luck n said I am praying for you - you got this ! I got through the interview made the next round and everything was great I was in and then they said you have to do medical exam huh !!!!!!! So I was nervous and I went be bopping in there with these stuffed red heels we had picked out and the nurse said I need to weigh in and check your height so please remove your shoes ! What ?!!!!!!!!!!!!!!? I said yes mam and she saw I shrunk big time and i said I am just a little shy please this is my dream she looked down and saw my shoes stuffed with toilet paper and I thought she was gonna cry because I already had tears in my eyes this was my dream . I measured 5 .1-1/2 and you absolutely had to be 5”2. This nurse just took my dream away n that was the end of my interview I have never been so sad in my life at the time . So I got back on the plane headed home she picked me up from the airport n she just hugged me there were no words just complete silence she knew my dream had been crushed n then all of the sudden she said let’s go I said where she said I don’t know but I am gonna get you out of this funk and she did . She said it’s their lost and boy was she right . So we went out and the next night I came home and we were just laying around watching TV and someone bangs on the door mind you I am still in a funk we had went out I had a hangover she did too and this person was

*banging on the door and the next thing I know the whole door flew off and I said what the crap called 911 she said oh I forgot to tell you while you were gone I met someone I said what !!!!!!!!  
Understatement n I said n that will be the last time you will see him n sure enough it was and he got arrested n had to pay for the door .  
The stories the memories we have go back so far so many when we first met we knew we clicked and we never wavered from loving each other through it all . We were meant to be best friends . Sorry Dana I finally told that story that we laughed about to this day ! What were we thinking ! lol*
