“ *David was my Little Brother. We are 13 months apart. So you can say we did some funny things together as kids. And had some story to tell. When he called we would joke about it. He will be missed very much. Rest In Peace Little Brother to we meet again.*

“ *David was my youngest brother. He had a good heart and truly believed in Jesus as his Lord and Savior. Worked hard his whole life and was a true family man, and he loved his grandchildren as much as any grandfather possibly could. Although he didn't care much for structured education, he was extremely intelligent. Taught himself to work on computers, there was absolutely nothing he couldn't do including building one from scratch to putting any program known to man on it. Was handy with auto repairs and pretty much anything else that might break down. He was loved by each of us and will be horribly missed, however we each can find solace in knowing he is at peace and out of pain and we will see him again some day.*
