

Dawn D Pardue

June 20, 1972 - April 26, 2025

Dawn Pardue, Age 52, of Nashville, TN, passed away on April 26, 2025, in the care of Alive Hospice and with her loving aunt by her side.

Dawn found her purpose in healing others. She was a devoted daughter, caring for both her father and mother before their passing, and a committed nurse, giving comfort to others for many years. She kept those around her full of laughter with her quick wit and silly nature. She loved her cats and all things spooky. Her journey wasn't always easy, but she met each challenge with quiet strength and an unyielding spirit.

Though life pulled her away from several close ties with family, she loved them endlessly. She leaves behind her daughter, Madison Pardue; her aunt, Sandra (Wayne) Vaught; and many cousins.

There will be no formal service. Those who knew Dawn are encouraged to remember her in their own way – through a moment of reflecting and holding special memories close to their hearts.
