“ *There are too many fond memories to share about our wonderful "Aunt Elree". One of our favorites is just a small example of the many special things she did for us. As children we loved the week before Christmas. It meant Aunt Elree's packages would arrive. She lived in Louisiana and would send all her nieces and nephews individually wrapped presents (and there were lots of us). We were thrilled to open them up on Christmas Eve. She loved us all and encouraged us to love God, succeed and be our best. We were blessed to have her here in Nashville for 30 years. We love you, Aunt Elree.....Rachel Hillin Wesch*
