“ *PawPaw,*
It's hard to believe it's been a year since you took your flight home. I am so grateful that I was able to be there when you took that flight. I didn't realize it at the time but it prepared me for a lot of sad and difficult times to come. Thank you for being who you were. We love and miss you dearly.

“ *My Dearest PawPaw,*
Thank you for all that you have done for me during my life. Especially when came with Mom to visit me. I loved those visits. I will love you forever. Rest in peace with Our Lord. I know you'll be looking down to see and guide me in my life. I love you PawPaw.

“ *I have worked with Sue, Rick and Sarita and I want to convey my condolences to you and the whole family. There will be a great loss in your family without your Father, but he will still be in your memories and heart forever.*

God Bless,

“ Dearest Daddy, I love and miss you so deeply. You are with your Lord now. Praise God! You are an honorable and just man. You taught all of your six children to 'be all you can be' and we did. To Mama & the rest of my family, I'm sorry that I am not there. Daddy and I made our peace together when I visited him in the hospital. I will remember him with love and compassion. May God richly bless all of you and help carry you through our loss and pain. I love you all.
