“ *Sandra
It has been many years since we spoke or saw each other but I saw Gary's picture in the paper and my heart stopped. I know how much you loved him and how much he loved you in return. I know that no words can stop the hurt and pain that you are feeling but I do know that God will give you peace and strength going forward. I pray that He wraps you and your children in His arms and comforts you during this time. Praying for God's very best for you and your family.*

“ At a time like this, I am at a loss for words. I can remember when Gary came to work for Frank Golden at Greater South Avionics. The best I can remember Gary was somewhere around 19 or 20 and I would have been 30. I feel like that Gary was the kid that Frank and I helped raise. I have known Gary for over 30 years, I have been his boss, and he has been mine. We worked together for 15 of the 30 years we shared as friends. Gary was one of the hardest working persons I have ever known. His work ethics and honest were set at the highest of standards. Gary learned his trade very well and became one of the very best in the industry. When hearing of his passing I was shocked and saddened, because losing a friend like Gary is like losing one of my own. Gary you will be missed but not forgotten. Rest in piece my friend, until we meet again.

“ Spent alot of time working with Gary when I worked for Collins and Gary worked for Stvens in Nashville. Then I went to work for Gulfstream and tried to hire Gary and get him to move to Savannah. His involvement and dedication to his family kept him in Nashville and he wouldn't move to Savannah for the job or any amount of compensation. What a great guy, I'll miss not getting to say goodbye!
