“ Dear Kary & Karol,

Your mother was truly a special lady. I knew she was well liked, but I didn't get to know her personally until 10 years after I began working at the Nashville District Office. Our paths finally crossed, as members of a small bridge playing group. She was always so positive and so much fun to be with that I really enjoyed getting to know her. She was a great cook, too. I still use her asparagus casserole recipe.

I lost touch with most of my Corps friends when I moved to AL, but I will always have fond memories of your mother. Please accept my sincere condolences and know that I will be thinking of you and your families during this difficult time.
