“ *I have had the pleasure to have known James since I was a teenager in the 1980's. James was the best hood man in the state if not the South. my relationship with him came from him doing business with my father who has the same name I do. Dad always used him for our restaurant expansions and new units. Several funny stories James and I share from auctions to moving equipment. When I went out on my own I used James not only for hoods and equipment but for advice. James took damn good care of me whenever I picked up the phone. I will never forget the camouflage pick-up or the humor. He always downplayed his ability and involvement with so much and that is such a defining characteristic for a guy like him. If there is anything I can do please let me know. Sincerely, Tom Courtney Jr. Courtney's Restaurant & Catering in Mt. Juliet, Tn*
