“ *Tracy you have my deepest sympathys for you and your children. Tony's family as well. I met Tony only a few times, but he was the nicest person. You two and your children made a great family. He was a good man and from everything I saw of him. He is in Heaven and out of pain now. I know it will be hard, but God had his reasons. He needed Tony now for his own purposes. If you need anyone to talk to, I will always be here. The kids can call Granny Gomez if they need anything. I love you girl. I feel like I have another friend in my life now. God Bless You and your children. My prayers are with you and Tony's sisters.*
