“ *I just found out a few days ago that Juanita had passed. She will be dearly missed by her friends in the AlMenah Singles and the Card Playing Ladies, Always enjoyed going her business and watching the fireworks on the 4th of July. She was one great lady.*

“ *I recently learned of Juanita's passing and wanted to share my thoughts. As one of the youngest accredited National Council of Garden Clubs accredited judges in the 1990s, Juanita was a wonderful teacher and mentor who took me under her wings and taught me so much about plants and flowers, particularly daylilies. For several years she invited me to judge the Daylily Society's annual flower show at Cheekwood that she led. She had such a powerful presence with her leadership in the garden club world here in Nashville and Tennessee and I was always in awe that even in her elder years, she never slowed down with anything, always attending every event driving up in her big car and dressed to kill! Thank you, Juanita for all the memories I will cherish. May your spirit continue to fly!*

JA

“ My grandmother was a very talented lady with many interests. She enjoyed growing flowers, especially daylilies. She has two cultivars registered with the American Daylily Society: Juanita Allinder and President Allinder. She was a Master Gardener and she devoted countless hours to support conservation efforts in Tennessee. She was also a talented seamstress. She taught me how to embroider when I was very young, and I still enjoy embroidery today. Some of my favorite childhood memories include listening to Patsy Cline when she was driving and waking up to a breakfast of homemade biscuits and fried potato cakes.
