“ *Jean was the best friend of my life. We met over 35 years ago and became friends while driving a school bus for the same county. She was one of the most brave, giving and loyal friends I have had in my life. I felt Jean was never judgmental and held her morals high. Jean and I had so many things in common. Our love for our family and the love for our children that road our school bus. The children on her bus was one of the biggest parts and pleasures of her life, being a part of the children's lives. I felt that Jean had so much style. She was always beautiful. Many times I thought she would have been a fantastic interior designer. We had so many good times together. Not a day went by that we didn't speak. We could talk on the phone for hours! Jean was so trustworthy. I will always remember our good times and how we got through the bad ones as well. I'm going to miss you so much Jean. You will always be in my heart and thoughts. I will always love you...*

“ *I have prayed often for "Miss Jean" over the past few years. She no longer needs my prayers as she is in the arms of the Lord, but it is those who are left behind that I pray for now. So I pray God's comfort, strength, and peace in the lives of Jean's family and friends. May He surround you all with His love and care during this difficult time in your lives.*

“ I met Jean 6 years ago. I work with Mary Beth Hannum, and Mary Beth introduced me to Jean. She had a wonderful sense of humor and I enjoyed the times we got together and spent some quality girl time. Jean will be greatly missed.

“ Mamma Jean (as I had come to call her) was not only a co-worker that inspired me everyday for five years but also loved life and the special needs children she loved for over 30 years while driving her bus. She will be greatly missed not only by me, but by the many lives she touched of the children she transported and thier families. We shared many laughs and many tears together. To her family I offer my prayers and appreciation for letting me become not only part of her life but also thiers.
