“ *Im not certain how to sum up in words the influence Jodi has had on me in my life. Jodi was such a compassionate friend and joy to work with. I learned so much about life from her. She was a great listener and it all starts from there. Then there was her passion, and her emotion. I dont think Ill meet another person like her in this lifetime. Ive been selfishly missing her, but i know we will blessed by her presence soon again. My thoughts and prayers for Terry and her family..*

“ *Jodi was my friend, mentor and co-worker for many years. We worked side by side and I learned so much about her life (and life in general) through her stories and sweet personality. When she started to become ill, she had the most positive attitude of anyone I had ever met. I was so sad when she decided to retire early, but knew that it was the right thing for her to do in order to live her life fully!
I'm glad she is no longer suffering, but I will miss her.
Terry is in my prayers.*

“ *JoAnn taught me about gentleness and 'courting' my King. I was honored to have shared many 'Spirit' moments with her (and the mailbox to remember it, I still use) and the personal times, like when she bought me a different color eyebrow pencil and drew them on to show me how they could be most natural. She was creative in the most feminine and artistic ways. I am glad she is not in pain, imprisoned by her body anymore; but my, how she will be missed...until we get to be with her again. I kept the greeting card she made for those of us who spent the night in the tent at Sukkot/Tabernacles - no sleep, just giggling with frost on our noses. Jo Ann, thank you for all you brought to my life, for this one and the next.*
