“ *We purchased John's home a few years back, and although we only knew him for a brief time, he had an outsized impact on us. He poured a lot of himself into Wilkinson House, and it shows every day as we try to keep the home thriving and joyful. We value so much of what he built here, and can only hope that we keep it as long and as well as he did.*

One of the tornados that swept through Davidson county on the morning of the 4th took out a bunch of trees and came within about 20 feet of hitting the house - I like to think that John had something to do with it turning around and going a different direction.

Mikil, thank you for the kind words about our Dad. We had so many great memories in that home for 40+ years and yes, Dad poured his heart and soul into that home and property. May it bring your family as much joy and memories as it did ours!

Sad news. John was my friend; John was everybody's friend. We miss him already. I regret that I didn't know of his illness. I definitely would have been in touch; asking if I could be of help. Love and prayers for the family.

Mikil, thank you so much for these words, it truly means alot. He was my grandfather and I was also raised it that house. He loved it so much and made me love it too. He made that home a very special place filled with love and joy. I hope that you have many wonderful memories in that home just as we did. It was a wonderful place to grow up and knowing that you love it too I'm sure meant so much to him.

“ *My papa meant the world to me. He was always there for me and helping us out. It meant soo much to Bryan and I when he let us stay with him for 3 months in the old house. I will never forget cooking dinners together and watching wheel of fortune. They entire time I was there he tried to take such good care of me both while I was pregnant and right after having Faith. He was soo excited when I brought faith home. He never complained about the crying. He also was out late having fun on weekend nights and we would tell him "dont do anything we wouldn't do!" as if we were worried parents. I loved him so much and I will miss him.*

“ *My grandfather was an amazing and sweet man. He would always do anything for his family. I loved how he was always smiling and trying to make others smile as well. I couldn't have asked for a better grandfather. I had the pleasure of living with him for many years of my life and he was a very strong and loving leader. He made sure that my twin sister and I never needed for anything and did his best for us. My entire childhood has his voice in it. He will always be in my heart. I could say so much more... but my heart is still aching.*

John was always the perfect host. To visit in his home, was to be treated as royalty. And chivalry was alive and active with John. Acts that are still appreciated! My condolences to his wife, Linda and all of his family. I know he was loved and will be so missed.
