“ *As two old men crawled around my old hot rod, studying every square inch, one of them noticed the left-front spring perch pin was broken, missing the bottom half of the shank and nut. Eventually my search for help led me to John Winn alignment. He told me to bring the car to his shop, and I was there pretty quickly.*

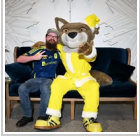

*A friend brought a replacement from McMinnville, and John led the effort to replace the pin. After a lot of flame and ice and hammering, we got the job done. I asked John to give me the bill, and he said, "Nope. It was my pleasure to help you." He insisted that his effort was free of charge, that he was grateful for the experience with a new friend. That same service would have cost \$300 elsewhere.*

*Over the years John and I spoke several times, but I was unable to make it back to his shop despite him frequently being on my mind. As others have said, John would give you the shirt off his back. He was a real man by any standard, frankly too kind for this world.*

*God bless you, John, for what you mean to me and everyone who became part of your life.*

“ My daddy was the best dad in the entire world! I have so many good memories of us. He was the best front end Alignment/Brake Man around and everyone knew that. He was a good honest man and would give you the shirt off of his back. My poor dad was dignosed the day after thanksgiving with cancer and we didn't know he was going to the be with the lord this soon. My heart is completely broken but I know my daddy is in good hands. 🙏🙏🙏❤️
