“ We are former long time members of a Valley View and remember Jon & His sweet wife Wendy. Jon was always outgoing, great personality and willing to do anything to help someone. My really more involved conversation with Jon, was several years ago after my mother passed away . Jon & Wendy taught a grief class for people that had lost a love one. It was more precious to me than anyone I could have just talked to. There we're several in the class and Jon was so professional in teaching the class. We cried, laughed together and watched videos of other people that had also lost a loved one and now much taking this class meant to them for several years after loosing their loved one., That helped us all, to get threw the difficult times we were suffering thru. It lasted several nights, and each night there was something that Jon said or Wendy that really touched my heart, and others in the class. Al of our circumstances regarding the loss of our family member we're all different. I kept all the literature, the booklet and so many helpful notes that Jon provided. He was an excellent teacher and we all left the class at the end, feeling much better, hopeful , having stronger faith, and believing that us too someday might need to reflect back on the book and literature we had been given. After my mother in law passed away Last fall, there were areas of the book that when I reflected back on it and some of the notes Jon had told us to write down, were peaceful and such a comfort for me. I know someday either I, or my husband Gil will be able to, pull this booklet and information out when we will need it to reflect back on and help us through this difficult time that Wendy and their family are suffering thru now. I wish you all peace beyond understanding. Strength to go thru the next few days, and always Hold on to ALL the wonderful Memories Jon brought into all your lives and those like myself, he touched. God Bless and prayers to you all 🙏🙏 Deborah. & Gil Dyer

“ Wendy, My thoughts and prayers are with you. Jon was a great guy and always a helping hand. Always enjoyed him talking about going home to Kentucky on the weekends to help on the farm. He could always joke with me and make me smile. I was fortunate Jon transferred down to Mapping and I got to supervise him briefly when we did CAD. After we moved into GIS Jon was definitely the collaborator. I admired his principles and they were built on his bedrock of faith.

“ Mike, Susan & family, so sorry and saddened to hear about the passing of Jon over the weekend. I was shocked when I saw both Mike's and Susan's Facebook posts about the losre of Jon. Just know that I am praying for you and your family during this difficult time and will continue to pray for you in the following day. May the comfort of God be with you.
