“ *Dear Dawn,
I was so saddened to hear of your Mom's passing. She was so kind and so positive when I was brand new at Meigs. I remember what a remarkable young lady you were at such a young age and I know you have made your parents very proud of the smart, capable, and caring person you are. Please accept my deepest sympathy. I pray God's comfort and blessing upon you and your Dad.

“ *Bruce and Dawn,
As much as we would like to, there is nothing that can be said that will ease the pain you are going through. Just know that we are thinking about you and both of you are in our prayers.*

“ *It is hard to put into words what is felt when a childhood friend passes. A kind heart and gentle spirit that will be missed but always remembered for the many lives she touched in a positive way while visiting. My life has been blessed from knowing her. Bruce and Dawn ... you will be in my prayers.*

“ *Family,
You have my sincere sympathy. Jonetta and I worked together
years ago at Mt. Juliet Jr. High. We were 'Christmas secret-pals'
one year.
I pray that God gives you peace and blessings.*

“ *Jonetta was such a warm and caring person, she would do anything
she could for you. She will be missed. Heaven has a new angel.
Bruce and Dawn she may not be here physically, but she does live
on forever in your lives, heart, and guardian angel. Love you.*

“ *The first smiling face I saw on my first day entering Glengarry
Elementary. A friend indeed who I miss greatly. She was a blessing
to the children and faculty at Glengarry and an asset which MNPS
will find difficult to replace.*
