“*Jud was a very special friend, I have so many memories of this kind man, he was saint to my Granny, and took her to play her beloved bingo games that made her so happy. But most of all he was the loving husband to my precious friend Sheila. He was a model of how a husband should be. My heart is warm because he was in my life and was a dear friend.*”

Jud was a “one of a kind” person. He loved jokes on Facebook and I’d always forward a good and funny joke to him. He definitely enjoyed being on his computer. Jud was a good husband to my dear friend, Sheila. He will be missed by many. May his memory be eternal. Rest in peace, Jud.
