“ *Aunt Katherine.*

*I will miss you every day for the rest of my life. I always thought I would have you here just could never think about you not being here. You were my one true north. I think of all the days and nights of talking on the phone, when so many times I thought my world was falling apart all I had to do was hear your voice and I knew everything was going to be ok. It was just last Monday we talked for hours and when we hung up you said, "now you beleive me everything is going to be ok" those words i will always hear. My heart is broken and I feel so lost without you. You were Aunt Katherine to everyone.*

*You were Nicholas's and Megan's great aunt but you were more like there grandmother and they too are heart broken. I'm so glad you got to spend time with Carmen and Carson, and as they grow up I will make sure they know all about their Great,great Aunt Katherine. I thank God for having you all these years it just wasn't long enough for me. I love you always,

“ *Aunts are "Special" people. They love to chat, make you feel important, give the best advice and listen a lot. They are kind of like a good friend and second mother, all in one. My loving, precious, sweet Aunt Katherine was that "Special Aunt" for all of my 65 years. You will be missed.*
