“ *I am at a lost of words during this difficult time for you all. I am so honored and glad I was able to spend holidays and sweet moments with Lilli. She was a strong woman with the personality of "gold". I learned a lot of wisdom from her and I seen the love her family had for her. I am so sorry Jerrod, Dale (Dannie), LaNita, Tricia, Felix, Ashley, Whitney, and Robert. Her sweet and caring spirit will forever be with you all and if there's anything I can do just let me know. 2018 will definitely stick out in my life forever for the lost of Lilli and the lost of my father. May God give you some peace and comfort during these days to past.*

“ *Lanita, my prayers are going out for you and your family! Words cannot not describe the way anyone should feel during a moment like this. As the days grow into weeks, and than into months, and years, the pain will still be felt. But just know God has her in his beloved hands and will take care of her now. When God called my mom five years ago, my heart still breaks when I think about her. But the pain is a little more manageable now, but will not be forgotten. God Bless you and all of your family. I know how close you all were.*

“ *Lanita,  
Praying for peace and comfort for you and the family as you go through the process of laying your Dear Mom to rest.  
Hold on to your memories as we both remember even the great stories we've shared about our moms who have both transitioned this year! I guarantee you will see more and more of her in you as time passes.*

“ My beloved "Miss Adlyne" will be missed by all who knew her. She and I had a particularly close bond as she was mother's best friend and my Godmother. She often recalled the story about how she helped mother bring me home from the hospital as an infant. She told my then two-year old brother Preston "now, there's another baby in the house and you have to walk!" I will miss her unconditional love, support and the wisdom she gave throughout my life. To the Fletcher children, your mother was indeed the proverbial salt of the earth.
