“ *Nathan always had a great fishing story. I will miss swapping stories with him. He was my most favorite resident at work. I will miss him and his corny jokes. Rest in paradise my friend.*

*We loved you dear friend. Wish we could have visited you more than we were able. We never heard you complain and no matter your physical state you always made us smile. There is a special place in heaven for you Keith...RIP with your sweet Charlotte. Brooks Class of 1973 will never forget the smart, funny guy you were.
