“ *This was a great man. He raised his four youngest children by himself. That takes a special and loving man. He was very loved by all his children and family. God will cradle him in his are now and he will forever be in peace.*

*Well I'm his first son Ever!! Joshua Paul Bohanon so who are the other 4 kids he raised ? I haven't seen my dad since I was first born he left me n my sister when we was baby's in Michigan! He and my mom was married. I only talked to him over the phone through the years before he died. We started having a relationship my sister went to TN to see him and the family I didn't go. But he's still my father and I still love him we all make mistakes in life and I hold nothing against him at all . So if I have more brothers and sisters out there I'd like to know who they are.*
