“ *We just found out yesterday that our dear friend Becky Stafford had died. So many years of working together, rearing children together, moving together and just plainly enjoying each other, makes it difficult to believe Reg and Becky aren't in Old Hickory so we can drop by for coffee as we pass through town. Loss is always felt deeply but this loss is a real blow to us both and I know to you children/family. God bless you all and if it can be, drop by to see us sometime. We loved them and we love you.*
