“ *One of the best memories I have is spending time with my beautiful sister in Rocky Mountain National Park - our favorite hike is Alberta Falls. Sis, I love ya!* ”

“ *Regina was our person at TDLWD! She could ALWAYS solve any problem, give us direction, know how a process worked...she was truly the glue that held us together, and we've been lost since she got sick...and will be lost without her smile. Regina & I shared a love of Star Wars "The Child" and music. I love how I could always count on hearing something wonderful playing from her desk, whether it was 70's/80's music or symphonic beauty. Regina would go out of her way to make you feel welcome, to help you, and loved us better than we deserved. Her loss is greatly felt in a personal way for so many of us.* ”

“ Regina was such a precious woman who always made sure everyones' needs were taken care of. She was dedicated to our team at the Dept of Labor and truly cared about others. When I think of Regina, I think of Buc-EES, state parks, FL Gators, and cats- she never failed to bring one of those up in conversation, and it just goes to show her unending passion about the things she loved. Lisa, I especially want to send you my love and condolences- you were truly one of the biggest joys of her life, and nothing beats having a sister and best friend in one. Please know you have a support system who genuinely cares about you. Regina will be greatly missed by many.
