“ *Thanks, Papaw, for all the great memories. I'll never forget you were responsible for both my first riding mower and car. I'll always remember learning to drive stick with you and my dad. You really inspired me with all the projects you worked on in your workshop at Avon Park. I'll miss hearing your stories, but I'm happy you are together with Mimi again.*

Mason Holly - January 16, 2020 at 08:18 PM

“ *Bob it was always a pleasure chatting with you about anything in this world ranging from politics to finances to cars and even stuff out of this world. The best part of our chats was that you usually had a good story to back up your wisdom. We will really miss those chats. Henry and Kathy Holly*

“ *To my great grandpa; I enjoyed every moment I spent with you, every story you told me, every time you asked me about my girlfriends and every time you told me where I went wrong and how to be better. You lived a great life and got to do everything you ever wanted to do. You were a great man who I looked up to and learned a lot from. Glad you are in a better place now. Save me a spot in the sky. Fly high Papaw.*
