“Rose, you and I have been like sisters over the years. I miss you greatly, my friend. Time will pass and the sorrow that I and so many others are feeling now will turn to joy as we reflect on the memories, the laughter, the good times of so many years. Your family is very blessed to have had you in their lives; I know I have been. Thank you for the wonderful friendship we shared and I look forward to that day when we will see each other again in a much better place. I leave you with these words from David:

“Therefore my heart is glad and my tongue rejoices; my body also will rest secure, because you will not abandon me to the grave, nor will you let your Holy One see decay. You have made known to me the path of life; you will fill me with joy in your presence, with eternal pleasures at your right hand.” Psalm 16:9-11.

Go in peace my friend.

“Rose, I still can't believe that you are gone. You were such a joy to get to know after my heart attack. I want you to know that your care and concern helped me through such a difficult time and calmed so many of my fears. It was so much fun working with you to surprise Dr. Walpole with the caricature on his birthday. He often told me that you were his right arm. I enjoyed all your stories about the kids. You were so special.
