“ *Shelby was one of my very closest friends from 6th grade to probably our sophomore year of high school. We lost touch because she changed schools and our lives went in different directions. HOWEVER, she was one person who touched my life so drastically that I never forgot her and always wondered what she was doing in life. It is sad that it takes a death to make people realize that life is not guaranteed and I wish I would have reconnected with Shelby when I had the chance.*

“ *Shelby was a wonderful person, always willing to do for others and never asking for anything in return. It has been some time since I seen Shelby but she was one of those people you never forget. I know she will be missed by many. My condolences to her family and my deepest sympathy to Tiffany; I know how much you will miss her.*

“ I am so sorry for the loss of Shelby. The first time I met Shelby she
was her daughters age or younger. Shelby and my niece were
always together. They called each other sister. When Elaine was
born my sister was Nana Kay to Elaine. We lost touch in the past
few years and I was hoping that it would change one day. You will
be missed Shelby. My prayers go out to her family and friends.

“ You are the best friend that God had ever put into my life. You
helped raised me and was my rock when I couldn't stand. You
helped me in so many ways that I could never express to you in
words now or then. I love you unconditionally with all of my heart
and I always will. I don't want you to go and I will miss you but I
know that you and Moma will be waiting on me when I get there. I
love you sis...
