“ *I had the good fortune of working with Steve for 20 + years. He was a superb trim carpenter and wood worker. Steve's intelligence and level-headed approach to his craft were second to none. Everyone wanted Steve on their job.*

*Steve's skills as a woodworker were only exceeded by the things that made him special in so many ways. Honesty, loyalty, respect, fairness and love for his family are what I saw in Steve every day.*

*Steve was a straight shooter. I always knew where we stood. He had a great sense of humor and we had many interesting conversations. I could always count on getting a big smile and a few laughs out of him when ever we should meet.*

*I cherish my memories of Steve and will endeavor to hold him in my heart.*
