“ *I sat near Craig at the office. I got to know Craig over the course of the time we participated in the F&A Leadership Program.*

He was a kind person and we often talked about the experience of our kids playing sports, and associated joys/challenges. I know Craig loved his family. I have you all in my thoughts and prayers.

“ *I never had the honor of meeting Craig, however, I have known and loved his mother, Sherree since middle school. We have been good friends for many years and I know Craig must have been a wonderful man because his mother loves her children with her whole heart and he was brought up by an incredible person. My heart and prayers are with his entire family. God be with you all.*

“ Craig was a kind and especially considerate co-worker. He would brag and share stories of his children and he was a unique person. I am thankful to have known and worked with someone pursuing growth and leadership opportunities, ever appreciative of the investment. I pray for your family and hope that the great memories shared will bring smiles among the grief. Like when he gave a pregnant woman (me) a candy bar with gluten in it (I'm gluten-free). He felt so bad and then brought me a snickers (my favorite) but it was expired! He knew we'd joke about it for months just to tease. LOL we all had great laughs in such small things like candy bars, tv shoe scenes, or parking spot requests. I pray God will bring peace, healing, and direction to each of you.

“ I got to know Craig through our leadership conference. We shared pictures of our children. I loved all of the handmade Halloween costumes. He was so proud of his children. I feel privileged to know him for the last year. I am sending my prayers that the family receives some comfort.

“ Craig was always a pleasure to work with. We all went through a lot of growing pains with that company, but i wouldn't have chosen a different work crowd, and Craig was one of the nicest. My love to his family and friends.

“ *Billy and I (Donna) are so sorry to hear of a great loss. Haven't seen Craig probably since his wedding, but knew him and Brian as great young boys and men. Love them both. We miss his dad everyday. Craig will be missed greatly. We send our love to the whole family.*

“ *My heart pours out to your family during this time of loss and grief. Craig was always witty and fun to talk with. We exchanged non work conversations during walks in the morning at our leadership conferences. We also connected at work to collaborate on needs for his area. I have only fond and good memories of our encounters. May God provide comfort, understanding, peace, and restoration.*
