“ Bob, Carol and family. So sorry to hear of Summer's passing. Summer was responsible for a lot of great memories I have of being in the music business. Knowing her, Marsha and Buddy made it possible for us to play in places many others would have loved to experience. We visited the Grand Ole Opry many times, but never saw the front of the Opry because she always got us backstage. Summer was so sweet and funny. In the past several years, we kept in touch by text. I will miss not hearing from "Summertime". Prayers of comfort, strength and healing for all. --Dan Timmons
