“ *I worked with Thelma a couple of different times at Answering Services - She was one of the Finest Women I have ever known. My middle name is Louise, and we were always joking about start us a business on an Island in the middle of Old Hickory Lake and calling it “Thelma and Louise’s Lily Pad” I loved Thelma like she was my mom or an Aunt. She was Joyful, Kind, intelligent and so very caring. She always had a shoulder if I needed to cry and she was a Wonderful Co-Worker and made me feel like I was the only person that mattered.*

*The world is a sadder place without her, But the Stars in Heaven are shining a whole lot brighter.*

*For her family and friends I feel such a deep loss for you all, and I know you were very blessed to have her in your lives.*

*I have had a few rough years and I just ran across her obituary. I am so sorry for the huge lapse in time for my message.*

“Visits with Aunt Thelma were one of the highlights of my childhood and her stories were often the most fun at holiday gatherings. She would tell about growing up in the Depression and her many road trips all over the country. However, most importantly, I always noticed when visiting Aunt Thelma that her worn out Bible was on the table next to her chair along with other frequently used items. It was clear that it was a part of her daily life and routines.

“I don't have the words to express what Aunt Thelma did for me as a child growing up. I will simply say that “I would not be where I am today, if it were not for her.”

“God saw her in her mother's womb, and gave her life a purpose. And knowing her as I did, that purpose was to serve her Creator, and a very large family, whenever she was able. Good memories are made in the editing. This is what I will remember, and the little things, like the joy that giving at Christmas brought, her love of good food, vacations, and snow. These are my fondest memories, the memories I will cherish.
