“ *Poppa was the very best of the best. I couldn't have asked for a better stepdad. I never considered him a "step," just "Poppa." I've always loved him, his quirky sense of humor, ability to do anything, energy to outlast us all, creative talent, kindness (Here Comes the Good Man!) and so much more. You taught me a lot about life. I love you so much, Poppa and I miss you already. I know that we will all be together again someday and I'm going to squeeze you, Mama, Granny Martin, and all those that I love so much so tight. For now, RIP. I love you.*
