“ *I am saddened to hear of Wanda's passing but grateful, too, to have known her. She was kind, funny, generous and gracious. Most importantly, no one could meet her without recognizing her enormous love and pride for her family, including her lucky dogs.*

God's peace to you and may you be comforted in remembering the joy that Wanda shared and brought to so many.

“ Mom...words cannot describe how much you are missed. I know you are in a better place now and for that I smile. No need to worry about me, Kev will take good care of me. You are with dad again, and I'm sure he's driving you crazy. Just laugh like you always laughed & know that you made everybody's lives brighter by just being around. I love you mom! Bobbie

“ Bobbie and Michael, you both are in my thoughts and prayers. Your mama had such a big heart and loved sharing it with all. She is now making your dad laugh again as they are reunited! Heaven's gain!
